### Program Expenses Break Down

Earth Day Festival Recycling On the Go Green Dining Alliance Earth Day Action Grants

## ASSETS

**FY 2018 Net Assets \$275,057**

\*Complete financial report available upon request.

## VISION FOR 2019

With so much confusion in the media over the state of the recycling industry, we will double down our efforts over the coming year to be a public resource for recycling information.

We will increase the number of GDA-Certified restaurants in new communities in the St. Louis area.

We will celebrate the 30th Annual St. Louis Earth Day Festival in April 2019.

30 years of Founders, volunteers, staff, and Friends gathered on Forest Park's lawn for a kick-off rally for the 30th Anniversary Festival.

ROG doubled its organics collection in 2018 by keeping 36 tons of food waste out of landfills.

The GDA added a 3rd Green Dining District in 2018 with plans to add more in 2019.

## ACCOMPLISHMENTS

## PEOPLE

St. Louis Earth Day realises we are not alone in our community and are grateful for our 2018 collaborating partners.

## PLANET

1,871 tons of waste was diverted away from local landfills through the composting and recycling efforts of our programs.

## PROFIT

All donations were put directly into our programs, allowing us to serve a larger community of people, meeting them WHERE THEY ARE!
