

**MISSION**

St. Louis Earth Day's distinctive programs empower you and your community to create and celebrate a greener St. Louis - every day.

**REVENUE**

**EXPENSES**

**ASSETS**

\*Complete financial report available upon request. **FY 2018 Net Assets \$275,057**

**VISION FOR 2019**

With so much confusion in the media over the state of the recycling industry, we will double down our efforts over the coming year to be a public resource for recycling information.

We will increase the number of GDA-Certified restaurants in new communities in the St. Louis area.

We will celebrate the 30th Annual St. Louis Earth Day Festival in April 2019.

1989 — 2019 — 2019

30 years of Founders, volunteers, staff, and Friends gathered on Forest Park's lawn for a kick-off rally for the 30th Anniversary Festival.

ROG doubled its organics collection in 2018 by keeping 36 tons of food waste out of landfills.

The GDA added a 3rd Green Dining District in 2018 with plans to add more in 2019.

**ACCOMPLISHMENTS**

**PEOPLE**

St. Louis Earth Day realises we are not alone in our community and are grateful for our 2018 collaborating partners.

**PLANET**

1,871 tons of waste was diverted away from local landfills through the composting and recycling efforts of our programs.

**PROFIT**

All donations were put DIRECTLY into our programs, allowing us to serve a larger community of people, meeting them WHERE THEY ARE!
